

December 7, 1920.

Pyramid Packing Co.,
Sitka, Alaska.

Gentlemen:

It appears from your report of operations at Sitka, Alaska, during the season of 1920 that you did not employ any fishermen. Possibly they were included in shoresmen, of which a total of 83 were employed. Please advise the Bureau as to whether any fishermen were employed and give the amount of wages paid. Proper segregation should be made of classes of employees.

Very truly yours,

H. M. Smith

Commissioner.
